The "Lister-Bruston" Plant is **For Generating Electric Current** for use in Country Hotels, Houses and Summer Cottages, by means of gasoline.

## It Starts Itself                      It Stops Itself

By the use of our Automatic Patent we practically eliminate the expensive, bothersome storage battery.

This means a **Saving of 40 per cent. to the User.**

A minimum of careful attention only required.

Before buying investigate the "Lister-Bruston," an all British Machine—made up to a standard—not down to a price.

# Introductory

The Publishers herewith present the Tenth Annual Edition of Henderson's Edmonton City Directory. The growth and industrial development has been maintained, and the population of the City shows a remarkable percentage of increase, despite a period known for its quietness throughout the Dominion.

The Edition embraces the area of GREATER EDMONTON, comprising the territory of the City proper, South Edmonton (formerly Strathcona), North Edmonton, Calder, Beverly, and all adjoining subdivisions, suburbs and environs.

Special attention is directed to the Miscellaneous Section in the front part of the volume, which has been greatly enlarged, and for the first time embellished with illustrations of places of interest. This has been compiled from various records and statistics issued in the City and Province. Such a catalogue of information has seldom appeared in a like volume. The thanks of the Publishers are accorded to all assisting in this work.

The Classified Section in the back part of the volume, like the Miscellaneous, is so arranged as to be of the greatest value for ready reference. The information in both sections is comprehensive and pertains to everything regarding the City of Edmonton.

The form of the pages is much the same as last year, but to prevent the book from becoming unwieldy, on account of the steady increase in information, the Publishers have substituted a smaller face of type.

The numerical system of street naming has been used, with the exception of the following avenues and streets: Jasper Ave., Howard Ave., McDougall Ave., Rice St., Queens Ave., Fraser Ave., Namayo Ave., Kinistino Ave., Syndicate Ave., First St., Victoria Ave., McKay Ave., Hardisty Ave., Whyte Ave., Main St., Stony Plain Road, St. Albert Road, Fort Road, Saskatchewan Drive and a few lesser known streets. As far as it has been possible to obtain, the references state both house numbers; the new first, followed by the old in parenthesis. Preceding the Street Directory is a ready reference guide showing the new and old street names, immediately followed by a second guide showing the old and new names. A complete list of subdivisions with locations is also included in the Street Section.

## Population

The greatest interest, naturally, is always aroused regarding the population, and its increase from year to year. The directory method is an accepted form of estimating the population of a city. The Publishers are led to believe that they have settled on a multiple, that will give figures, as nearly correct as it is possible by this method. Henderson Directories base their estimate on the number of names in the Edmonton Directory, using the multiple 2.25. It must be thoroughly understood, however, that the figures deal with GREATER EDMONTON, and are an estimate only. *They are not a census.*

### Population of Greater Edmonton, 76,972 Persons

The appended Table indicates the increase in the population of Edmonton since the first issue of Henderson's Directory in 1884.

Year	No. of Names	Estimated Population	Increase %
1884	83	500	
1888	100	600	
1898		2,750	
1904		6,500	136.00
1908		23,000	254.00
1909		24,000	4.34
1912	20,296	50,710	105.00
1913	25,202	63,005	24.17
1914	34,210	76,972	22.19

The Publishers desire to thank their patrons and the general public for the unfailing courtesy shown their representatives, and also to say that they appreciate most thoroughly the confidence which the business men of Edmonton have always had in them and their work.

# Greater Edmonton

## PART I.

(Illustrated Review of the District by W. Saunders)

**LOCATION.**—That well known newspaper the Winnipeg Free Press, in a recent issue aptly describes the district of Edmonton thus: "Being on the threshold of a territory large enough for an empire, and being the gateway thereto through which all trade and traffic must pass, Edmonton is destined to be one of the chief commercial and industrial centres of Western Canada and the twin cities at the head of Lake Superior, with Winnipeg and Edmonton will ultimately become the three great metropolitan cities that will virtually control the commercial and financial business of the west, east of the Rocky Mountains."

Incorporated in 1901 when it had only about 3,000 inhabitants, the City has grown to such an extent as to now number over 70,000.

Bird's-Eye View of Edmonton.

The Grand Prairie and the Peace River Countries with the vast possibilities there for cattle raising and agricultural pursuits, as well as the mineral reserves, will eventually produce a marked effect on Edmonton during its expansion and development, as the land becomes peopled. Already there are strong indications of Edmonton's controlling influence over the whole of that great region. Realizing this, immediately, are the wholesalers who have established their quarters in the city—no better thermometer of an assured future of commercial prosperity. And as railroad operations are now being rushed for connection to the Coast, and for the opening up of these reserves, so is Edmonton feeling the benefit of the linking up of the new world with the old.

In the Edmonton Wholesale District

Edmonton is the chief distributing point in a territory of 200,000 square miles and has also a marvellously rich tributary country at the north and west.

The Cities and Towns of Alberta, have risen to their present sizes consequent on the fact that the Canadian Pacific Railway, which is now being directed to Agricultural centres and the prospects for 1914 along these lines could not be brighter. The Canadian Pacific Railway's colonization scheme appears to have met with great success, and while they have, as yet, only handled the southern portions of Alberta, it seems only too probable that the country surrounding Edmonton must also come under their early consideration. The cost to them of the high level bridge alone, indicates the importance which Edmonton occupies, and it is reasonable to assume that the earliest charter granted for opening up the port of Churchill on Hudson's Bay and connecting with Fort McMurray will lead to the development of the minerals which the latter place is known to contain. These working influences on Edmonton cannot be too highly appreciated as it is only by the surrounding country being peopled, with the accompanying industrial waves, that any City can hope to continue its expansion and prosperity. A typical conclusion may be drawn from the following lines uttered by a resident of the City.

"The cities and towns have grown faster than the rural districts, consequently the local supply of produce has not been sufficient to meet the trade requirements. Last year we had to import from Eastern Canada and the United States practically 1,200,000 pounds of creamery butter, 300,000 dozen eggs, 150,000 pounds of dressed poultry, and 325,000 pounds of cheese. This condition should not exist because Alberta, with low-priced land for grazing purposes, should be exporting rather than importing produce.

"The trade is here and the farmer and dairymen can rest assured that there will always be a market for their production. With the vast non-productive country on the west, now being developed, the produce outlets will be greater than even the most sanguine Edmonton optimist can imagine. You can see from this brief outline of conditions existing, the great opportunities for mixed farming.

**PARKS AND OPEN SPACES.**—The Publicity Department through its literature prominently displays the beauties of the City, as can be seen by the following abstracts from a pamphlet recently issued by Commissioner Hall.

**Wood and Woods Scene in Tipton Park, Edmonton.**

Edmonton has taken time by the forelock in the matter of public parks and has 801 acres of land for this purpose.

"Edmonton has already provided breathing space and beauty spots in the very heart of the city, and has acquired land that makes up an area of 801.03 acres for park purposes. This land is pretty well scattered about and is contained in seventeen parks. The smallest of these parks has one and a quarter acres in it and the largest spreads out over two hundred acres. Some of the park lands are but a few steps of the main street, Jasper Avenue, and none is too far away to be easy to come at by anyone who seeks quiet, rest and recreation—relief from the striving and strenuousness of city life in a community that is breaking all records for rapid increase of its people and consequent increase of civic and private activities.

"Among other recent developments of park work in Edmonton is the athletic field that has been established on the south side of the river. This valuable adjunct of city life was adapted from a former exhibition grounds and has been laid out in first class style for an athletic field, where games and meets may be carried on at a spot convenient to the centre of the city. This lot of land contains nineteen acres, and has as complete an arrangement for outdoor sports as most athletic fields in older countries. In fact, the Edmonton field is fitted for playing a greater variety of games than is usual, because Western Canada is the gathering ground of the nations, and each set of men bring their home games along with them to their new home.

"Thus the Edmonton field has a baseball diamond, two football pitches, a cricket crease, three lawn tennis courts, a half-mile track, 100-yard and 220-yard straightaway stretches for sprints, lawn bowling greens and apparatus for pole

vaults, jumps and field sports generally. The whole enclosure has been sodded and well cared for, so that the grounds are neat and attractive to the eye, as well as practical for the uses of Edmonton athletes. There is also a good building on the grounds, with dressing rooms, shower bath, etc. Outdoor sports make up an outstanding feature of Western Canadian life, the air is cool and bracing and the summer days so long that baseball and football matches—as well as many other games—are played in the evening. This gives those who work even so late as six o'clock a chance to see the games or to play them. The longest summer day in Edmonton contains eighteen hours of sunshine, and makes a long stretch of daylight in which the worker finds plenty of time for his day's work and good recreation hours besides."

## Industrial Expansion

**INDUSTRIAL EXPANSION.**—The city is spreading out industrially; there are enormous coal beds directly under Edmonton, and thirty mines are worked. Industrial sites, at low rental, are leased by the City, which supplies power, light and water at cost. Apart from these mines, borings for natural gas are now being made and there seems no reason to doubt that this valuable asset to a city will be added to the already large number of important attributes which Edmonton enjoys.

Commercially and industrially Edmonton is growing very fast. There are twenty six chartered banks in the city and their clearings for 1913 amounted to the large sum of \$213,053,319 00. Edmonton's wholesale houses supply a country twice as large as the British Isles, and as big as New York, Pennsylvania, Illinois, Indiana, Ohio and New Jersey. Industrial establishments in Edmonton include flour mills, packing plants, iron and brass foundries, saw mills, brick yards, sash and door mills, tent and mattress factories, creameries, box factories, breweries, bottling works, cigar factories, tanneries, manufacturing jewelers, stucco works, vinegar and pickle factories, cement products works, lumber manufacturing, brick plants, shoe manufactory, etc., finding employment for a large population.

**FRANCHISES.**—Edmonton municipally owns and controls its Water and Lighting Systems, as well as its Street Railway franchise, all being under the management of its Commissioners. The Telephone System belongs also, to the City.

Passengers carried on street cars 1911, 6,296 824, 1912, 11,250 404, 1913, 17 208 487

Edmonton has 117 miles of sewers, 128 miles of water mains, 131 miles of sidewalks 41 miles of paved streets, 801 acres of public parks

## Educational

**EDUCATIONAL.**—As the capital of the Province and its educational centre, Edmonton has twenty excellent public schools, equipped with the most modern requirements and follow approved educational lines from primary to collegiate grades. There are four good colleges for higher education: the University of Alberta, Robertson Presbyterian, the Oblate Fathers' College and Alberta College, with an excellent preparatory school in the Westward Ho! School for Boys. The Alberta School, and McTavish Business College give complete business courses of instruction.

Dormitories of Alberta University at Edmonton.

This is one of the largest Educational Institutions in Western Canada and has plans for becoming very large and highly efficient in the field of higher education. C. S. Burgess, architect.

# Railway Development

**EDMONTON THE HUB.**—Three great railway systems centre on Edmonton, the Grand Trunk Pacific, the Canadian Pacific and the Canadian Northern. The Canadian Pacific has built a high level bridge and is completing terminal facilities at a cost of \$2,500,000. The Grand Trunk Pacific is finishing its latest hotel at a cost of \$2,000,000.

**New high level Bridge at Edmonton, connecting the North and South Sides of the City.**

This bridge is a part of new railway terminal, and local traffic facilities, costing upwards of \$2,500,000.

Edmonton is the chief central point of the Edmonton, Yukon and Pacific Railway, the Dunvegan, Peace River and British Columbia and the Alberta and North western Railway. These roads are under construction.

Twenty-eight passenger trains run to and from Edmonton daily.

At present four railways are building into the Peace River valley and country north and west of Edmonton. This country contains 40,000,000 acres of land and boundless resources of minerals, timber, natural gas, water power and cattle ranges.

**TRIBUTARY COUNTRY.**—Previous to the construction of the Canadian Northern Railway into Alberta the country tributary to Edmonton contained approximately 97 miles of railway. The year 1912 finds this increased to 1,284 miles of railroad, radiating in nine different directions with three projected lines that will give additional territory both southwest and northwest. There are now 940 miles of road under construction, and 1,380 miles provided for under the 1913-4 program.

**THE GRAND TRUNK PACIFIC.**—To reach Edmonton from Winnipeg required the construction of 616 miles, and it will require 840 miles to couple the city with Prince Rupert. This will place Edmonton on a direct transcontinental system with feeders extending to every portion of Alberta. The importance of this condition will be realized in the vast amount of trade that will be brought to the logical distributing point of the northwest.

**TRANSPORTATION FACILITIES.**—Unlike most sections of the American continent, transportation facilities are proceeding ahead of development, thus making possible an era of prosperity gauged only by the amount of effort expended and capital invested in harnessing and turning to account unlimited natural resources.

## Progression

**POPULATION.**—From a small outlying station Edmonton has, by leaps and bounds, within the past 13 years risen to a City of vast dimensions. This growth has been recorded year by year in the Directories issued by the Henderson Corporation, and the following abstracts from them will serve to show the progress which the city has made along this line.

**Jasper Avenue in 1890.**

There were very few people in Edmonton then, and the business requirements of the place were met by a few shacks. There are big buildings and paved streets at this same point to-day.

**A Spring Day on Jasper Avenue, Edmonton.**

In 1901 Edmonton had 3,167 people, now Edmonton's population is over 70,000. Then, Jasper Avenue was a village street, to-day, a busy thoroughfare in a sizeable city.

1901	3,167	1908	23,000
1903		1909	24,000
1904	6,500	1910	
1911		1911	
1912		1912	50,740
1913		1913	63,005
1914		1914	76,973

**COAL AREAS.**—One of the chief resources appurtenant to Edmonton, if not the principal, that of the coal fields may be named under this category. Already there are thirty mines in operation producing fuel which is sold as low as \$4.50 a ton for domestic purposes and 75 cents for steam purposes. The usual process of mining is generally adopted under proper supervision and control, and over a million tons per year is shipped to outside points. An analysis from one of the principal mines worked shows:

Fixed Carbon	10.69
Moisture	17.68
Volatile	33.18
Fixed Carbon	41.54
Ash	7.40

**MARKET AND TRUCK GARDENS**—Already the home market swallows up all that is produced and good prices are assured for those bringing their products into Edmonton. This industry could be better extended, as poultry and farm produce vegetables and fruits have to be brought in from California and other places. No more profitable business could be indulged in than this.

**A Potato Crop near Edmonton.**

Land in this section of Alberta has produced 1486 bushels of potatoes on two measured acres, without fertilizer of any sort.

In a recent issue the "Journal" is authority for the following statement:

"Modern Mart for Accommodation of Market Gardeners and Hucksters.—A civic departure that gives promise of early consummation and which will further accentuate the metropolitanism of Edmonton and which will be a boon to the housewife, as well as the market gardener, is the city market.

The plans for the structure have been passed by the market committee and Superintendent of Markets Robertson, and call for a building 120 feet in length by 40 feet in width. It is believed this structure, erected after the most modern and approved lines, will suffice to fill the needs of the marketmen as well as the public.

The incentive for such an institution is to provide a connecting link between the producer and consumer, which will have the effect of encouraging market gardening and draw the world closer to the old days when the good housewife and the market basket were permanent institutions."

## Lending Department

This Department has now over 20,000 volumes available for lending. Literature, Art, History, Biography, Travel and Useful Arts being especially well represented. It is the aim of the Library to make its collection of technical books as complete as possible.

The Library has also a small collection of French books, which is being added to from time to time. Books in other languages are being added.

The more popular magazines are available for loaning.

#### Reference Department.

The Reference Library is a separate collection of over 2,000 volumes of books of reference and bound periodicals.

This Department is designed to meet the needs of students and workers in every field who need special data of any kind. Special lists of the best books and articles on any subject will be prepared at any time by the Reference Librarian.

#### Children's Department

This Department is a separate collection of 2,000 carefully selected volumes. Children up to fourteen are eligible for membership.

#### Reading Rooms

In addition to the General Reading Room, there is a reading room for men

in the Strathcona Library. The Library receives regularly over 100 periodicals, the back numbers of all important ones being filed for reference.

#### Lecture Hall (Strathcona)

The Lecture Hall is a beautiful little auditorium on the upper floor, seating over 200, and equipped with a splendid lantern. This room is available at a nominal fee for any educational purpose. It has been in constant use since the building was opened.

## Churches

The First Presbyterian Church at Edmonton.

This is one of 29 churches in the city including all regular denominations. It is but a few years since the congregation that occupies this church were glad to have a small wooden building for their service. Increase in real estate values enabled them to build and pay for this church.—Wilson and Herrald, architects.

The Edmonton Industrial Association is a voluntary organization of business men who have no self-interest to serve, but who give their time and money for the advancement of the city and its tributary territory. It maintains offices at 700-701 Tegler Building, First Street, with a permanent secretary and ample clerical help, and the services of this office are freely offered to all visitors who want reliable information or assistance.

The Industrial and Development Department has prepared a thorough industrial survey of the city and tributary territory and is working toward the settlement of all vacant land in this territory by prosperous and contented farmers, and the encouragement of existing industries in the city and of such others as should find this a profitable field, and the discouragement of industries that must fail. It maintains twelve sub-committees.

The Civic Improvement Department is working to make the City of Edmonton a better place in which to live and do business. Its work is carried on through ten sub-committees.

The Press Exchange Department maintains a permanent secretary and staff, acting as local correspondent for nearly two thousand newspapers and magazines.

The Ad. Club Department studies advertising, protects, by its censorship, the business men of the city against unreliable advertising solicitors, and does all in its power to promote clean dependable advertising.

The Board of Directors consists of the officers, the chairman of each of the Departments and four active members. Twenty-two standing committees work under the Board, their operations covering every line of activity necessary for the upbuilding and improvement of a modern progressive city.

The membership of the Association on April 1, 1914, was 635, embracing the most earnest, energetic business men of the city.

# Postal Information

## RATES OF POSTAGE

### FIRST-CLASS MATTER.

#### LETTERS

Letters posted in Edmonton addressed for delivery in Edmonton or within the district covered by Letter Carrier Delivery, 1 cent per ounce or fraction thereof.

Letters addressed to places in Canada, Mexico and United States, including Guam, Hawaii, Panama, Canal Zone, Philippine Islands, Porto Rico and Tutuila, 2 cents per ounce or fraction thereof.

Letters addressed to places in Canada must be at least partially prepaid, and those addressed to Mexico and the United States must be prepaid at least a full rate (1c). Otherwise they will be sent to the Dead Letter Office.

Letters addressed to places in Canada and partly prepaid will be forwarded, subject on delivery to double the amount of unpaid postage.

Letters for the United States should bear the name of the State as well as that of the Post Office.

Letters addressed to mere initials, or fictitious names, will not be delivered unless addressed in care of a resident or to some box in the Post Office.

Letters addressed simply to a street number or to a room number in a specified building without the name of a person, firm, etc., may be delivered, provided there is only one household or firm in occupation of the premises indicated; otherwise letters so addressed will be sent to the Dead Letter Office as insufficiently addressed.

Every letter for the city should bear name, street and number; no matter how well known the name may be; otherwise it is an incomplete address, and delivery may be delayed.

The abbreviations St. and Alta. are often so scribbled as to be indistinguishable. The word City or Edmonton, should always complete city address.

#### RE-DIRECTED LETTERS

Re-directed letters are not liable to any additional postage if handed back to the Post Office with a changed address at the moment of delivery or as soon as possible thereafter, provided always the change in the address does not require the letter to be sent to any place to which the postage rate is higher than was at first payable. In this case the additional postage, if not prepaid, will be collected on delivery.

Re-directed letters should not be dropped into a Post Office Box or Receiver unless additional postage has been put on to carry them to their second destination.

#### REQUEST LETTERS

Letters from places in Canada, Newfoundland, Mexico and the United States, covered by envelopes, bearing a request, either printed or written, that the letters be returned to the sender if not delivered within a certain specified time, will be returned as requested if not delivered in the time stated.

Requests, whether printed or written on packages of Third or Fourth-class matter and on transient newspapers for return in case of non-delivery, will be complied with, but a charge will be made for such direct return equal to the original postage charge.

#### SPECIAL DELIVERY LETTERS

Letters are sent to their City Addressee between 8 a.m. and 7 p.m. daily, except Sunday, bearing, in addition to the usual prepayment of 2 cents an ounce, a "special delivery" Canadian stamp, addressed to the following cities in Canada: Berlin, Brandon, Brantford, Brockville, Calgary, Charlotte-

town (P.E.I.), Chatham, Ft. William, Edmonton, Fredericton, Galt, Guelph, Ha. (ex. Hamilton, Hull (Que.), Kingston, Lethbridge (Alta.), London, Moncton (N.B.), Montreal, Moose Jaw (Sask.), New Westminster (B.C.), Niagara Falls (Ont.), Ottawa, Owen Sound, Peterboro, Port Arthur, Quebec, Regina, St. Catharines, St. Hyacinthe, St. John, St. Thomas, Sarnia, Saskatoon (Sask.), Sault Ste. Marie (Ont.), Sherbrooke, Stratford, Sydney (N.S.), Toronto, Trois Rivières, Vancouver and Victoria, Windsor, Winnipeg. The 10 cents "special delivery" stamp may be obtained at any post office.

American Special Delivery Stamps may be obtained at the Stamp Counter.

#### EXPRESS LETTERS AND PARCELS

There is immediate delivery of "Express" letters and parcels, so marked, addressed to United Kingdom. Fee payable there on letters is 6c, a mile from addressee's post office. Fee payable on parcels, 10c., can be prepaid here.

#### POST CARDS

For Canada, Mexico and the United States, 1 cent each. For Great Britain, Newfoundland and all Postal Union countries, 2 cents each. Reply cards for Canada and the United States, 2 cents each. Nothing must be attached to a Post Card.

Private Post Cards, duly prepaid 1 cent each by postage stamp, may be posted in Canada for delivery within Canada, Mexico and the United States.

Private Post Cards may have a reply card attached bearing 1 cent stamp.

Post Cards (official or private) may be posted in Canada addressed for delivery in any Postal Union country; postage 2c each. Such cards are addressed on one printed matter, and the other conform to the regulations governing matter in which case the postage rate is 1 cent each.

The limit of size for a Private Post Card (maximum) is 4 in. long by 3 1/2 in. wide. The British Post Office will recognize as entitled to return to the country the reply cards of Canada and Dominion Reply Post Cards upon which the additional 1 cent postage stamps required have been affixed.

For fear of the reply side of a double post card becoming uppermost, enclose it in a small India-rubber ring.

#### Legal Documents and Commercial Papers

Legal Documents and Commercial Papers and all other matter either wholly or partly in writing (except the matter specially mentioned under Third-class), are liable to letter rate of postage, 2 cents per ounce, when posted for delivery in Canada.

These papers may be sent to Great Britain, Newfoundland, United States, and all Foreign countries at 5 cents for the first 10 ounces, and 1 cent for each additional 2 ounces. Must be sent in covers open at the ends, so as to be easy of examination.

### SECOND-CLASS MATTER.

#### NEWSPAPERS FROM OFFICE OF PUBLICATION

The despatch of newspapers by mail from office of publication, is governed by the regulations of the Post Office Act, 51 Vic. cap. 24 and all information respecting enclosures, sample copies, etc., can be obtained at the General Post Office.

#### Transient Newspapers and Periodicals

Transient newspapers and periodicals for any place in Canada, Mexico or the United States, 1c. per 4 ounces. For other countries see Foreign Postal Rates published in Post Office Guide.

### THIRD-CLASS MATTER.

#### Books, Matter Partly Printed or Wholly in Print and Miscellaneous Matter

On Books (printed), Pamphlets, Circulars (printed or produced by a multiplying pro-

cess), Catalogues, Hand Bills, Blank Forms, Prices Current, (printed), Calendars, Show Cards, Maps, Prints, Drawings, Plans (without specifications), Engravings, Lithographs, Photographs (on card or paper), Visiting Cards (printed or engraved), Sheet Music, Printed Stationery, Official or Private Post Cards (when sent in bulk to a separate address) and all matter wholly in print, when addressed to Canada, Mexico, United States, Newfoundland, and all other countries the rate is 1c. for each 2 ounces or fraction thereof. Limit of weight to Canada, 5 lbs., but a single book, 10 lbs. Limit to United States, 4 lbs. 5 ozs., and to United Kingdom, 3 lbs. 5 ozs. No packet addressed to Canada may exceed 3 feet 6 inches in length, nor may the combined length and girth of any package exceed 5 feet. When addressed to other countries, except to the United Kingdom, when the limit is 3 ft. x 1 ft. x 1 ft., the limit in size must not exceed 12 lbs. in any direction unless in the form of a roll when a length of 20 ins. is allowed, provided the diameter does not exceed 4 ins.

Book and Newspaper Manuscript, Printer's Copy and Printer's Proof Sheets, when posted for delivery in Canada, or the United States, the rate is 1c. for each 2 ozs. or fraction thereof. Limit of weight to Canada, 5 lbs.; to the United States, 4 lbs. 5 ozs.

The rate on this class of matter, when addressed to places in Mexico, is 1 cent per 2 ozs., limit of weight, 4 lbs. 5 ozs.

Manuscript, when not accompanied by proof sheets, addressed to Great Britain and all foreign countries with the exception of the United States and Mexico, must be prepaid as commercial papers.

Manuscript, when accompanied by proof sheets relating thereto, may pass to Great Britain and all foreign countries at the rate of 1c. for each 2 ozs. or fraction thereof. Limit of weight to Great Britain, 5 lbs., to other countries, 4 lbs. 5 ozs.

All such matter must be put up in such a way as to admit of the contents being easily examined.

#### CIRCULARS

are communications in print, or produced by a multiplying process easily distinguished from typewriting, which are posted to several individuals, and couched in identical terms. A circular may, without becoming liable to a higher rate of postage, be signed and dated in handwriting and may also contain the name of the addressee in writing at the top.

The postage on Circulars produced in imitation of typewriting or handwriting by a multiplying process, is 1c. per 2 ozs., when at least 20 copies in precisely identical terms are handed in to the Post Office at one time.

Circulars typewritten are liable to letter rate.

Printed Matter Addressed "The Householder"

Circular matter duly prepaid, may be posted addressed simply "The Householder" without the name of any person, or indication of street or number, and will be delivered at every house so far as the supply permits, in places in Canada where there is free delivery by letter carrier. The number of householders in city offices, where the letter carrier system is in operation, can be ascertained on application at the Postmaster's Office.

#### PATTERNS AND SAMPLES

Household Patterns and Samples of Merchandise, not exceeding 3 lbs. in weight, and not of saleable value, may be sent to any place in Mexico, at 1 cent for each 2 ounces or fraction thereof. Must be put up so as to admit of inspection. Goods sent in execution of an order, however small the quantity may be, articles sent by one private individual to another, not being actually Trade Patterns or Samples, are not admissible. Limit of size, 20 inches in length by 1 foot in width or depth.

The rate on these articles when addressed to other countries is 2 cents for the first 4 ozs. or fraction thereof, and 1c. for each additional 2 ozs. or fraction thereof.

Limit of weight to United Kingdom is 5 lbs., limit of size, 2 feet in length by 1 foot in width or depth.

The limit of weight to other Postal Union countries is 12 ozs., limit of size, 1 foot in length by 3 ins. in width, and 4 ins. in

depth. If in form of roll it may be 12 ins. in length and 6 ins. in diameter.

Patterns and Samples up to 12 ozs. in Canada are 1c. per 2 ozs., over 12 ozs. Parcel Post.

Matter claiming to be Fourth Class must be open to inspection, and there must be no correspondence enclosed, except invoices and accounts of the articles enclosed, (when addressed to Canada only). Packages of Fourth Class matter may be sent to the United States, including Porto Rico, Hawaii, Panama Canal Zone and Philippine Islands, if prepaid 1 cent per ounce, but the contents will be liable to Customs inspection and collection of duty in the United States. Sealed tins containing fish, lobster, vegetables, meats, etc., if put up in a solid manner and labelled in such a way as to fully indicate the nature of their contents, may be sent as Fourth Class matter within the Dominion, but no sealed matter can be forwarded to the United

States under this head. Liquids, oils and fatty substances may be sent to places in Canada and the United States as Fourth Class, if securely put up.

## REGISTRATION

Money letters should always be registered. Every article intended for registration must be handed in at the wicket and a receipt obtained therefor.

The fee on all classes of articles addressed to countries to which matter may be registered is 5 cents.

The sender of a registered article posted in Canada for delivery in Canada or in any other Postal Union country, may attach himself to a certificate as to the disposal of the said article by the Postmaster at the office addressed, on prepayment of an additional fee of 5 cents. All classes of matter may be registered to all destinations in Canada and (with the exception of the material of a political nature) throughout the Postal Union, and letters may be registered to most of the countries not included in the Union.

Senders of registered articles are requested to put their names and addresses in the upper left hand corner of the cover.

The public are reminded that registered letters are only carried on trains that are accompanied by a railway mail clerk. Hence a registered letter and an ordinary letter posted simultaneously will often be received at different times.

In case of the loss in the Postal Service of a registered article posted in Canada for delivery in Canada, the addressee, or, at the request of the addressee, the sender, is entitled to an indemnity, which in no case shall exceed twenty-five dollars, or the actual value of the lost registered article when the same is less than twenty-five dollars, provided no other compensation or reimbursement has been made therefor.

\*The rates on parcel post to all parts of China having been increased, they cannot be shown in the above table. Parties wishing to mail parcels to that country are therefore, advised to ask at the Post Office as to the rates.

Parcels may also be sent via England to nearly all other countries. Rates and special conditions may be found in the Official Postal Guide, or learned on enquiry at Post Office or any of the Branch Offices.

No correspondence must be enclosed. A Customs Declaration of the contents and value of each parcel must be filled up at the Post Office, or one of the branches, and attached to the parcel by the sender.

No parcel sent from Canada by parcel post to the United Kingdom, or to another country via the United Kingdom, may contain an enclosure bearing a different address from that on the cover of the parcel.

Parcels addressed to the United Kingdom must not exceed 20 ins. in length by 1 ft. in width or depth, nor must the combined length and girth exceed 6 ft. Parcels will be accepted however, 3 ft. 6 ins. in length and having a combined length and girth not exceeding 6 ft., provided the contents are articles which could not be packed in shorter parcels, such as umbrellas, golf clubs, etc.

Parcels addressed to any country other than the United Kingdom must not exceed 1 1/2 ft. in length by 1 ft. in depth.

No parcel may contain coin or bullion exceeding five pounds sterling in value. In case of coins a special exception is made, allowing coins which are clearly intended for purposes of ornament to be enclosed in parcels, even if their value exceeds five pounds.

The importation of the following articles into the United Kingdom by Parcel Post is prohibited—Letters, explosive and dangerous articles, foreign reprints of British Copyright works, acetate, extracts or other concentrations of coffee, chicory, tea or tobacco, snuff, work, tobacco stalks, tobacco stalk flour, prison-made goods, saccharin, and substances of a like nature or use rags, shoddy, and live animals (except bees in properly constructed cases).

#### POSTAL NOTES

The Postal Note System established by the Post Office Department affords a cheap and convenient means for remitting small sums.

Are sold and paid at more than 10,000 Post Offices in Canada.

May be bought as quickly as Stamps.

May be bought during all Post Office Hours.

Can be crossed to ensure safety. To meet the public interest the rates have been fixed at very moderate figures, as follows:

Odd cents may be made up by affixing Canadian Postage Stamps not exceeding 1 cent in value to the face of a Postal Note, if the same is for remittance to a place in Canada.

Additional Postage Stamps must not be attached to Note by payee.

Canadian Postal Notes can be made payable at any Post Office in the United States transacting Money Order business. If the payee resides in a city, the Notes must be drawn on the Main City Office, not on a sub-office or station.

Postage Stamps must not be affixed to Postal Notes drawn for payment in the United States.

Canadian Postal Notes are payable only in Canada and the United States.

British Postal Orders issued in the United Kingdom and British Possessions are payable at the Main Office in the following cities in Ontario: Ottawa, Kingston, Toronto, Hamilton, Brantford, London and Windsor; and also at the principal cities in the other provinces of Canada.

#### GENERAL POSTAL INFORMATION

A large number of letters reach the Post Office every day which are undeliverable, by reason of the absence of street and number from the address, while serious delays and vexatious errors occur all the time from the same cause. Whether in business or residential districts, "street and number" form an indispensable part of the address of letters. If business men, however well known, have their street and number printed on their stationery, their correspondents avail themselves of the information, and the Post Office and public are both benefited. Delay in the extent of at least one delivery must occur when reference to the City Directory is necessitated.

**CITY LETTERS.**—Where an addresser's name is in the City Directory, the writer has the same means of completing the address as the post office has, and delay in delivery is avoided.

A street runs sometimes for miles under the same name, and a dozen or more carriers serve its several parts. Where the house number is omitted from the address in such streets, the letter will be returned to writer for amended address. Instead of, as heretofore, being tried on every carrier serving that street, and prompter delivery will result. If referred to our Directory Clerks, the wrong person must often be "tried" and time is lost in the same way.

Thinking to save trouble in their own offices, persons mailing circulars, catalogues, etc., in large numbers often address them omitting street and number; thus entailing certain delay in sorting and equally uncertain delivery. Banks and companies posting notices and dividend cheques are constant offenders in this way. In the interest of the senders these will be returned in bulk for better address.

Persons living in the neighborhood of the Post Office sometimes complain that they receive letters no earlier than those who live in the suburbs. It would seem almost unnecessary to state that every carrier begins his walk practically at the same time. The position of a house in the carrier's walk governs the time at which letters are received there. These walks are meant to be covered in one hour, or two, according to district and the number of deliveries made in the day. The hour of the first delivery accords with the arrival of morning trains from the East; and a majority of people object to receiving letters before 8 a.m.

Merchants or others having much mail matter to post at or about 5 p.m., when their offices close, are advised to insist on their messengers carrying the matter to the General Post Office, thus avoiding occasional overfilling of the street letter boxes in the central district.

Persons posting circular notices of meetings etc., where immediate despatch is of importance, would do well to hand them in at the Post Office with intimation to that effect.

The growing habit of using in an address the fancy title of a house, instead of merely the plain street and number, is a frequent source of error at the sorting cases, where

the work has to be done by a rapid glance, and the title of the house happens also to be the name of a post-town.

A Carrier is not required to leave letters at any house where he may be in danger of a vicious dog. The owner must call at the General Delivery, till the dog is tied up or otherwise disposed of.

Many persons telephoning to the Post Office resent the reply that their request must be put in writing. But obvious mischief might result from orders for the disposition of correspondence given by an unrecognized voice.

Unused Postage Stamps not being redeemable by the Department should not be used for the remittance of small sums of money, as Postal Notes have been introduced for that purpose.

A letter once posted becomes the property of the person to whom it is addressed, and must be forwarded according to its direction. On no application, however urgent, can it be delivered back to the writer or to any other person.

The sending of a letter or any communication or document subject to letter postage in an open cover does not in any way diminish its liability to letter rate of postage.

Letters bearing mutilated stamps, or stamps so soiled and defaced as to make it impossible for the sorting clerks to decide whether they have been used before or not will be sent to the Postmaster General for his adjudication.

#### LETTER CARRIER DELIVERIES

In the majority of residential districts there are two deliveries each week day, commencing at 8 a.m. and 1.45 p.m. In the central or business district there are four deliveries each week day, commencing at 8 a.m., 10.30 a.m., 1.45 p.m., 5 and p.m.

#### DETAILS OF LETTER CARRIER

##### DELIVERY

One cent rate between Edmonton and Strathcona P.O.  
Two cent rate between Edmonton and N. Edmonton and W. Edmonton.

All City drop letters must be addressed with Street name and number thereon or same will be returned for better address.

All 2nd, 3rd and 4th class matter must be fully addressed to Street and number or it will be returned for fuller directions.

#### MAIL COLLECTIONS

On week days the street letter boxes (according to location) are searched from nine times a day in the central districts to twice in the outside, except Sunday.

On Sundays, street letter boxes are searched at 6.00 p.m.

On Public Holidays New Year's Day, Good Friday, 24th of May, Dominion Day, Labor Day, Thanksgiving Day and Christmas Day there is a morning delivery only. The outgoing mails will close as usual.

Street letter boxes will be collected twice during the day, viz.: 10 and 12.30. The General Delivery will be open from 8 to 10 a.m. and 7 to 9 p.m.

### All Numerical System of Street Naming and House Numbering Plan

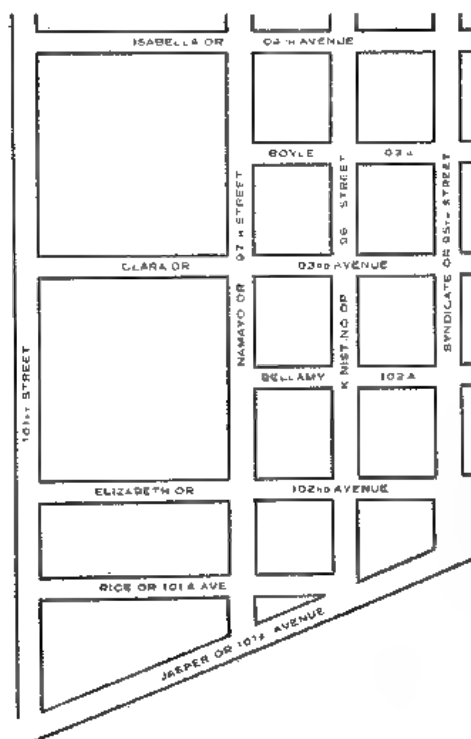

Streets run North and South, odd numbers South side; Avenues run East and West, odd numbers East side

Streets are numbered from the East. Avenues are numbered from the South

Old 1st Street is 101st Street. Jasper Avenue is 101st Avenue

Short avenues and short streets have an A number

The East and South have the small numbers. The North and West parts have large numbers

The original names of the following Avenues and Streets have been retained in this issue of the Directory Jasper Ave., Howard Ave., McDougall Ave., Rice St., Queen Ave., Fraser Ave., Namayo Ave., Kinistino Ave., Syndicate Ave., First St., Victoria Ave., McKay Ave., Hardisty Ave., Whyte Ave., Main St., Stony Plain Road, St. Albert Road, Fort Road, Saskatchewan Drive and a few lesser known streets.

### Examples House Numbering

1 10312 on 96th Street. 12 is the house number as it is the last two figures. 103 (or Clara Street) is the First Avenue south of that block on 96th Street (or Kinistino).

2 10348 on 95th Street. 48 is the house number, 103 is the Avenue south, 95th Street or Syndicate.

3 9624 on 102nd Avenue or Elizabeth Street. House No. 24, 96th Street (or Kinistino) is the first street east of that house. The house is between 96th and 97th Streets (or Kinistino and Namayo).

**NOTE.**—The arrangement of the following Street and Avenue Directory is in numerical order, with avenues preceding streets. Avenues and streets not numerically named appear first in Alphabetical Order. The arrangement by directions is East, West, South and North.

Where the odd and even numbers on an Avenue or Street are separated, the South Side (odd numbers) on Avenues appear first, and the East Side (odd numbers) appear first on Streets.
